Christchurch Panel & Paint Shop at a GREAT PRICE!

This panel and paint shop has been an icon for over 26 years on its current high profile site in this busy and popular Christchurch area. Over the years it has been a front of mind business for panel and paint work and has attracted good quality work from the wider Christchurch area. The business is fully equipped with an impressive list of equipment to complete repairs to a very high standard and is a Recognised Repairer for most major Insurance Companies in NZ. Please Note: With the modern systems in place you do not have to be a qualified Panelbeater or Painter to own this business. On the market for the first time in 33 years, this Christchurch business has been very good for the owners, however with health and mobility issues now to the fore for the owner, it's time for him to retire and spend some quality time with his wife and enjoy the fruits of his successful business career. The vendors would very much like to see the business sold to an enthusiastic person who is capable of putting their own stamp on the business, taking it forward and enjoying it as much as they have. Accordingly they have been extremely generous in their asking price to allow a younger person the opportunity to take over the reins. A very realistic asking price of just $130,000! Currently showing a reduced cash surplus of circa $44,000 due to the health issues; at $100K for the plant,
