BUSINESS SALES WITH INTEGRITY

If you are looking for a business where you can work from the comforts of your own home on an as-needed basis, then this high margin import / e-commerce business is for you.

Formed in 2008, this sought-after online retail, import, wholesale business specialises in the sale of space saving hardware for products that are an essential item in almost every home. The business has accumulated a diverse online customer base including direct end users plus distribution through resellers and installers.

There are very real opportunities in the wider market to explore and the internal systems are well set up for business growth. With these streamlined systems and processes in place, the vendor is able to spend around 30 hours a month running the business but tells us a new owner would absolutely have the opportunity to increase this. He is now reluctantly selling as he has developed the business to where he would now be reaping the rewards of his time and expense invested in business developments.

Seriously cash-flow positive with most orders paid for before

they are dispatched, the expected EBPITDA for FY19 is around $150,000.

All of this could be yours for $450,000.

If you want a change and would like an excellent income from a part time, home based business contact Craig today!

For more information about this business, visit www.barkerbusiness.co.nz/BBS2331, register your details and submit the online Confidentiality Agreement. Once Craig receives your expression of interest he will be in touch.
