## PRICE REDUCTION – Healthy product F&B Manufacturer

As the desirability and demand for niche health food products continue to grow, so does this boutique food & beverage manufacturer.

Producing a high value, high quality, health product, unique to the New Zealand market, we are told that to date, they are the only one of their kind in the market. After 7 years of development and growing sales, this reputable business has built a very strong brand for quality and are reaping the rewards.

Their range is stocked in a number of smaller supermarkets & health shops however the owner is tapping into the major supermarket retailers and seeing product on their shelves. They also produce a secondary product supplied to the hospitality sector, allowing for steady sales throughout the year.

Consumers are spread far and wide and will soon have the option of purchasing product online. The quality and uniqueness of the product ensures repeat business and great word of mouth referrals and because the business supplies to
