‘Easy As’ Lifestyle Business with Proven Success!

Continuing on the upward ladder, proving it is recession proof, this simple business model has become an increasingly popular solution to households and businesses alike. It has exceeded the last 12 months financial forecast and the huge demand for on-going product and service will see the figures continue to soar! All the old clichés apply to this business: “the hard work has been done”, “reliable systems in place”, “proven marketing methods and strong brand awareness” to name but a few.

This is a long term, portable cabin hire business based in Auckland, which is part of the award winning Just Cabins franchise group.

Hassle free - no staff requirements and requiring very little of the working owner’s input (currently estimated between 8 - 10 hours per week) … it couldn’t be easier! However, a new owner has the option of stepping the business up a gear should they choose by simply capitalising on the huge market demand. This business as is could suit a semi-retirement lifestyle OR combine to compliment your current working hours as it can be managed from a home office or remotely anywhere within the greater Auckland region, adding extra gross revenue of circa $4,800k per week.

Price $1,375,000
