Exciting Childcare Business Opportunity – Hamilton

Recently expanding its licence to accommodate over 70 children, this centre is responding to sustained demand and continued growth in enrolments. Prior to the extension, the centre consistently operated at full capacity, and post-expansion occupancy is already tracking strongly, currently at 62%.

With steady performance and a proven operating model, the business is forecast to generate a minimum EBITDA of \$240,000 in the 2026 financial year—even without further enrolment increases.

This is an excellent opportunity for an experienced operator or investor seeking a scalable and profitable early childhood education business.
