Busy Auto Repair Shop - Sales Keep Going Up!

Showing excellent sales income and consistent profits year on year, this specialist collision repair business has an established presence in the greater East Auckland area, a solid history of 60+ years and a very well-known brand. They are an approved recommended repairer for many major insurance clients with work booked on average 2 months in advance.

The fully equipped modern workshop is very clean and tidy and the high-priced equipment provides barriers to entry for others; as does the need for certification and recognition by insurance companies. There is solid management in place and well trained, qualified professional staff which allows the owner time to focus on other things such as their excellent company procedures and processes that includes an auto quote system. The owners have indicated that a thorough and professional handover period will be available.

With high standards of health and safety and a reputation for fast efficient service, this is one impressive complete panelbeating and auto painting business.
