Akl ECE, Licensed for over 130, EBIDTA Circa $900K

A premium childcare centre has become available which is absolutely top notch. Superbly resourced and with a fit out that is second to none, there is decent scope for growth in both profits and the number it's licensed for. This centre I would put in the very top echelon of NZ, difficult for competitors to duplicate, highly trained and competent staff, a reasonable long term rental contract and operating at maximum occupancy with a long (and I mean LONG) waiting list. The centre is immaculate inside and out, never have I seen vendors that take such pride in the up-keep of a centre.

Expansion is also possible with both the building and the land under-utilised as per the ministry requirements. The centre is also due for an increase in fees which depending on the new owner could be substantial.

The vendor will provide a solid handover to ensure the purchaser fully understands how the industry and the centre works for maximum returns. The business is run fully managed with the owner's input minimal from a distance for the likes of payroll approval, invoicing and the odd staff meeting.

Realistic Buyers only please, Price Guide Circa $6M plus.
