With an EBIPTDA on track for $1.2 mill - $1.3 mil finish for F/Y 18, and sales heading towards $7 million this year, here is an impressive manufacturing business for sale dealing with high end / high quality clients. With the New Zealand wide building boom well underway and no sign of diminishing anytime soon, we believe this business will only continue to flourish.

Established 31 years ago, the current owners are now at the stage where they are looking to realign their work / life balance and start to enjoy the benefits that their successful working years have provided them. However, in saying that, the Vendors have promised to provide a comprehensive handover. They are extremely proud of the businesses success over the last couple of years and are very keen to see a new owner continue the trend.

The business comes with an excellent pipeline of pre-ordered work - including into 2018, which is impressive in itself! The business employs 28 staff, has excellent cash flow, and comes with an impeccable trading history.

A new buyer could be one of 2 things... You're either a person passionate about, and with a flair for manufacturing; or a business person wanting a solid return and keen to take over such an impressive business.

Asking Price $3.95M including stock & plant.

This is a highly desirable business and stacks up!
